

Hi Keith,

I just wanted to thank you and your staff for a great evening. Even though the room was a bit small and warm it looked lovely and we had a very nice time. Kerri and the rest of the staff were outstanding dealing with everyone's little needs involving the music, lights and tomatoes on the food. They were all upbeat problem solvers and took care of every little need promptly and courteously. We really appreciate everything they did to make the evening run smoothly. Thank you again and we'd be happy to recommend your facility to others.

Take Care!
